## PROFESSIONAL SUMMARY

*Aspiring Data Scientist currently building skills in Python, SQL, NumPy, Pandas, and data analysis, with a strong interest in using data to solve problems.*
*Electronics and Communication Engineering graduate with strong analytical and problem-solving skills and a growing interest in Data Science. Currently building skills in data analysis and data-driven problem solving, seeking to start a career in Data Science.*

## TECHNICAL SKILLS

**Languages:** Python
**Data Science:** NumPy, Pandas, Data Cleaning
**Database:** SQL
**Version Control:** Git, GitHub

## PROJECTS

### NLU-Based Chatbot

- *Developed a conversational chatbot with use of NLU to detect the intent of the user instead of traditional approaches of keyword or pattern matching*
- *Emphasized on the context and intent behind the conversation for a more human like interaction*

### Centralized Learning Management System (LMS)

- Built a centralized web application to manage students learning curve with use of HTML, CSS and JavaScript
- Created responsive web designs that adapt to different screen sizes for an enhanced experience
- Provisioned a unified dashboard for effective delivery and tracking of learning content

## EXPERIENCE

**Research and Development Intern — DIWAHAR** *Jul 2025 – Aug 2025*
*Tiruchirappalli, India*

- Aided in the conception of new products and processes by contributing towards the generation of ideas, prototyping and testing
- Networked internally within the organization to collate and analyze customer feedback to understand market requirements
- Conducted physical product testing in labs to assess reliability, performance and safety
- Estimated, budgeted and prioritized R&D projects in sync with the strategic goals of the organization while collaborating with cross-functional teams and senior management

## CERTIFICATIONS

- Data Analysis – Novi Tech R&D Private Limited (2025)
- Research and Development Internship Certification – DIWAHAR (2025)
- Claude in Action – Anthropic (2026)

## EDUCATION

**B.E., Electronics and Communication Engineering** *Nov 2022 – Jun 2026*
*University College of Engineering Dindigul, Dindigul, India*
CGPA: 7.45/10 | Relevant Coursework: Python, Embedded Systems, C Programming

**HSC — S.R.G.D.S Matriculation Higher Secondary School** *2021 – 2022*
*Tiruvannamalai, India*
Percentage: 69%
